

ONE CARIBBEAN TELEVISION NOW AVAILABLE ON BELL FIBE TV IN CANADA

TORONTO (April 17, 2019) - *One Caribbean Television*, a 24/7 television network with original and informational programming about the Caribbean and its people, is pleased to announce that the network is available in Canada to Bell Fibe TV subscribers on Channel 2481.

The network is in preview until early May and can be ordered by contacting Bell Fibe TV Customer Service by phone or online.

One Caribbean Television, most known for its extensive weather coverage, carries news, sports, travel, lifestyle and entertainment programming along with the most Caribbean carnival coverage anywhere.

"We are excited about accomplishing our goal to bring *One Caribbean Television* to the millions of Canadians who are connected to the Caribbean through culture, heritage or travel," said John Christianson, General Manager for the network. He added "Bell Fibe TV is our first outlet in Canada and a welcome addition to our growing affiliate line-up."

The timing of this launch coincides with the unveiling of a new slate of programs, including *Secrets of the Caribbean* (travel), *Cook Like A. Champion* (food), *18° North* (news) and *Rhythm & Buzz* (entertainment).

In addition, 2019 will mark the seventh year that One Caribbean Television will provide live coverage, interviews and feature stories to highlight the people and the pageantry of the Toronto Caribbean Carnival as part of Carnival Week in early August.
